

## Student union condemns Vimaleswaran killing

The Independent Students' Union yesterday issued a press release condemning the killing of the Jaffna University student leader, T. Vimaleswaran, on July 18, when he was on his way home from the university.

The release charged that the LTTE had shot him. Vimaleswaran was one of the chief organisers of the protest campaign at Jaffna University when a fellow student, Vijitharan, was kidnapped by the LTTE in 1986.

The LTTE should recognise the rights of other militant organisations and individuals to express their views and political action, said the release, signed by ISU president K. L. Dharmasiri.
