Israel in Lanka against Tamils

It is learned from diplomatic sources in Delhi that Sri Lanka government has engaged a number of Israelis who are specialists in counter-guerilla operations. They have been advising the Island's armed forces for the last two months on how to deal with the Tamil militants. In the bargain, Israel began to press the Jayawardene government to restore diplomatic relations terminated by Sirimao Bandaranaike in 1970. Its claim is buttressed by the Reagan administration. Colombo struck a compromise by which Israel would be permitted to open an "Interest Section" in the US Embassy in Sri Lanka. The MGR government will now have to look out for Israeli agents operating in Tamil Nadu, where a large number of Jaffna Tamils have sought refuge since the "bloody July" in Colombo.

ISRAELI ARRIVAL IN SRI LANKA - A WAR OF PROXY BY USA ?

Israel, the Proxy for the United States of America, has arrived in Sri Lanka through the backdoor to start-up a War in the Indian Sub-Continent via the South!

The Opening of the "INTERESTS SECTION" in the US EMBASSY by the ISRAEL GOVERNMENT and the stationing of the Mossad and the Anti-Terrorists Units in Sri Lanka had actually begun with a bad omen - the Massacre of 30 Tamil Muslims in KATTANKUDY, Eastern Province of Sri Lanka! In the Massacre over 100 Muslims were injured! There is total news black-out in the Sri Lankan Press regarding this massacre.

The entire Muslim and Tamil Populations of Sri Lanka are opposed to the arrival of the Israeli Forces! There has been widespread opposition and demonstrations in Sri Lanka. The Muslims and the Tamils feel that the arrival of the Israeli Units are a prelude to converting Sri Lanka and Tamil Eelam into another Lebanon with the possibility of spreading the war into the sub-continent.

The PEOPLE'S LIBERATION ORGANISATION OF TAMIL EELAM is hereby urging the Governments of the Third World and World Bodies to bring pressure on ISRAEL to withdraw from Sri Lanka and Tamil Eelam.
