## PREFACE

The first survey on Construction industry was conducted in 1993 with the assistance of Institute for Construction Training and Development (ICTAD). Thereafter the department continues to conduct the survey annually to cater the needs of National Planners and other data users.

This publication provides the results of 1994 and 1995 surveys on which the reference period was 1993 & 1994 respectively. The frame for this survey was the list of contractors registered with ICTAD and local authorities. A sample of Certificate of Conformation (COC) holders was also selected for the survey.

Planning and execution of the survey was done by the staff of the Industry and Constructions Division under the guidance of Mrs. D.B.P.S.Vidyaratne, Additional Director and the direction of Mr. D.J.C.S. Jayalath, Deputy Director. The operation was supervised by statisticians Mrs. H.D.E.Somarathne, Mrs. N.Weerathne, Mr. A.D.H.Gunathilake and Mrs. A.B.S.Fernando, with the assistance of Statistical Officers. Mrs.D.L.Liyanage, Mr. D.N.Jayakodige, Mr. U.S.Wanapushpa, Mr. D.S.S.Gunawardana, Mr. M.Nimalasena and Mr. M.D.M.Fernando.

Data collection was done by the District statistical Staff and the Industry & Construction Division. Data processing was done by the staff of the Industry and Construction Division under the supervision of Mrs. N.Weerathne Statistician and Mr. W.F.M.J.Fernando Statistical Officer. The required tables were obtained by Mr. R.D.N.Premawansa Statistical Investigator using the software Package SPSS/PC+.

Printing of the report was done at the Printing Division under the Direction of Mr. K.D.Siripala Deputy Director.

Finally I wish to thank all the respondents for their corporation.

A.G.W. Nanayakkara.  
Director General of Census & Statistics.

## Survey on Construction Industries - Sri Lanka 1993 & 1994.

### 1. Introduction

Survey on Construction Industry was conducted in 1993 for the first time in Sri Lanka mainly to furnish data regarding input, output and their trends to the Institute for Construction Training and Development (ICTAD). The Department of Census and Statistics continues to conduct the survey annually to cater the requirements of the data users along with the rapid development of construction industry in Sri Lanka.

### 2. Frame

List of contractors registered with the ICTAD was used as the frame for the Survey of Construction Industry - 1993. As this frame seemed to be incomplete, the contractors registered with the Provincial Councils and Pradeshiya Sabas were also added to the ICTAD list of contractors. The construction activities of the contractors do not cover the building of houses properly. Therefore it is decided to cover the building of houses separately. The existed frame of houses built was the list of certificate of conformities (COC) issued by the Urban Councils and Municipal Councils. Therefore, as an initial step, a sample of this list is also selected and a slightly different questionnaire is canvassed for data collection.

### 3. Sample Design

The list of contractors are divided into 6 strata as grade 1 to grade 6. The list of COC holders are stratified into three categories called residential, non-residential and extensions. Residential category is subdivided into two as less than 5000 sq.feet and 5000 sq.feet & above. In each strata a simple random sample is selected as given below (in some cases certain selection was done).

Sample Frame	1993 sample		1994 Sample	
1. List of contractors registered with ICTAD	Grade 1 - 4	100%	Grade 1 - 4	100%
	Grade 5 - 6	10%	Grade 5 - 6	25%
2. List of building contractors registered with provincial councils		100%		50%
3. List of COC holders in Municipal Council & Urban Councils	Upto 1999 Sq Feet	10%	Upto 1999 Sq Feet	
	More than or equal to 5000 Sq. Feet	%	Residential	25%
	Residential	100%	Between 2000 - 4999 Residential	25%
	Non- Residential	100%	5000 Sq. Feet & Over Residential	100%
	Extensions	20%	Extensions	

#### 4. Methodology

The following sample frames are used for the survey and the number of construction units selected from each frame is given below.

Frame	Number of construction units	
	1993	1994
1. Contractors registered with ICTAD	3229	3229
2. Contractors registered with Provincial Councils	523	523
3. COC holders in MC & UC	<u>3691</u>	<u>3828</u>
Total	<u>7443</u>	<u>7580</u>

#### 5. CONCEPTS & DEFINITIONS

##### a) Reference Period

Survey of Construction Industry 1993 - Data relating to construction activities carried out during the calendar year 1993 or financial year 1993-94.

Survey of Construction Industry 1994 - Data relating to construction activities carried out during the calendar year 1994 or financial year 1994-95.

##### b) Number of Persons Engaged

This refers to the average number of persons engaged during the reference period in the establishment, including working proprietors, active business partners, unpaid family workers and other paid workers.

##### c) Salaries & Wages

Amount paid as salaries, wages or subcontract on work done during the period.

##### d) Output

Value of work done during the year,

##### e) Input

expenditure on goods & Services = goods + services + other expenses

f) **Value added**

Value added the increment to the value of commodities and services that is contributed by the contract. It is computed as follows.

$$\text{Output} - \text{Input} = \text{Value added}$$

g) **Scope and Coverage**

Each and every construction activities are not covered as all contractors are not registered with ICTAD or Provincial Councils. In Urban sector all constructing units are not having COC certificates and rural sector private construction activities are also not covered for the survey.

Information collected relating to the following sectors of the construction industry.

- i. Building construction
- ii. Highway construction
- iii. Bridge construction
- iv. Water supply & water work.
- v. Irrigation & canal development
- vi. Reclamation of Low lying areas
- vii. Other construction

Above construction activities are categorised under Civil Engineering activities except building construction performed mostly by the state sector.
